Re: The American Recovery and Reinvestment Act of 2009 Compliance

On February 17, 2009, The United States government signed into law the American Recovery and Reinvestment Act of 2009 (ARRA). In this act, a specific section deals with the procurement of goods and services. Section 1605, “Buy American”, forbids the use of ARRA money for any construction, alteration, maintenance, or repair of a public facilities unless the iron, steel, and manufactured goods are produced in the United States.

Spectrum Lighting proudly meets and in most cases exceeds Level 3 Requirements for even the most stringent of Federal Acquisition Regulations (FAR) or “Buy American” requirements.

Guidelines as set by ARRA 2009 – Section 1605

I hereby certify our compliance with ARRA – 2009 “Buy American” Legislation.
