

CAFÉS

CAFÉS

The Café Series is a collection of luminaires that meet the needs for smaller scale decorative performance lighting. All fixtures are handcrafted in the Spectrum factory in Fall River, Massachusetts. Shades and components are hand spun from natural metals and finished to specification. The light engines are discreet LEDs with integral heatsinks that provide long term reliability. Fixtures feature a comfort view diffuser to obscure LED source and provide visual comfort (shown below in our Cava fixture).

The Café Series are available with a wide range of finish colors, mounting options and braided color cords.

We hope you enjoy working with and using the Café Series from Spectrum Lighting.

Dimensions and Lumens shown are nominal. Fixture sizes and delivered lumens may vary depending on fixture specification.

Full specification sheets, photometry, ies files, and other product information is available online. Type in the product code located under fixture title into our search bar or click the links in pdf.

PROUDLY MADE IN THE U.S.A.

At Spectrum Lighting we understand the importance of meeting budgets, quality and delivery of lighting fixtures on your projects. To achieve these important requirements, Spectrum Lighting is proud to design and manufacture all fixtures in our 250,000 square foot Massachusetts factory. This allows us to control production volume, speed, cost and quality right here in the USA. We work on both large and small projects and treats each job with the same level of care.

PROCESS CONTROL

All fixtures as well as most major components are manufactured in house. State of the art equipment, like our new fiber laser. Time honored metalworking skills: metal spinning, machining and welding.

VISUAL COMFORT

We constantly survey the market for the best quality LEDs, optics, electronics, controls and other materials. We bring you these materials in visually comfortable, uniquely designed and easy to maintain lighting fixtures.

GREATEST RESOURCE

Our greatest resource is our people. Our team works together to grow the company and help our customers. We are here to serve you with technical help, customer service and warranty support.

DELIVERY TO EXPECTATIONS

The final result is a project we all can be proud of that will deliver years of trouble free, high quality illumination.

Attention to detail.
Precision crafted quality.
Personal service with every order.

ILLUMINATING WHAT'S POSSIBLE.
